The body of the colored man found Sunday floating in the Eastern Branch remained unidentified at the morgue until last night, when it was buried in Potter's field.

Miss Emily E. Bingham died suddenly on Saturday at the home of her sister, Mrs. H. C. Doan, No. 129 I Street northwest. The body has been taken to Indianapolis for burial.

A thief invaded the Capitol last night and stole a watch from the office of Mr. W. H. Hyatt, which was standing on the Senate side. Mr. Hyatt offered a reward of \$25 for the arrest of the culprit.

There were two small fires yesterday. Three sheds in rear of 145 North Capitol Street, owned by Mrs. Mundy, were destroyed. Damage \$25. The other blaze was at 6th St. and resulted in only \$5 damage.

Frank Hamilton, colored, was thrown from a carriage at Seventh Street and New York Avenue yesterday. Foreman and driver were injured about the head. Policeman Haller had him removed to the Emergency Hospital.

Orville Shepherd, four years of age, residing at No. 32 Eighth Street northeast, was knocked down and run over by a horse and carriage driven by J. H. Schuler, yesterday evening, near his home. The boy was seriously injured about the head and leg.

Reuben T. Lucas, a colored waiter at Cobb's Hotel, Tenth and E Streets, was arrested yesterday by Policeman Simpson charged with the serious offense of perjury. Policeman Berman is complainant. The fire department was called out twice last night. The first blaze was at 7 o'clock in the show window of store No. 120 Seventh Street northwest. The contents of the window caught fire from a gas jet and \$75 damage resulted. The explosion of a coal oil lamp in the pool room of Mrs. Rebecca Abrahams, No. 62 Louisiana Avenue, caused the second alarm. Damage slight.

### BELLICOSE CITIZENS.

Several of Them are Arrested for Disturbing the Peace.

The Emancipation Day parade yesterday afternoon was marked by several exciting occurrences, and in two instances by incidents of violence. The most serious fracas occurred at Twenty-second and M Streets, where Augustus Hamilton, a colored boy, only fifteen years old, drew a revolver, and after flourishing the weapon discharged it into a crowd. It appears that gangs of men and boys from different sections of the city met at the above point and engaged in a free fight. Bricks, clubs and pistols were used. A riot call was responded to by Sgt. McNeeley and a detachment of reserves from the third precinct. Hamilton was arrested and two charges placed against him—one of assault to kill and one of carrying deadly weapons. The police captured ten of the fighters, including Buddy Johnson, Joe Wayne, William Invalide and Morris Young. They are charged with disturbing the parade.

The second small riot occurred near the market in East Washington. Policeman Kirby arrested Charles Backman, nineteen years old, and Mr. H. Peyton, eight years old, both colored. They carried revolvers.

Michie Thomas, Mary Carter, and a number of others, who created disturbances along the route of the parade, were locked up.

All cadets will rendezvous at Thirteenth Street and New York Avenue and parade to the hall.

### GETTING READY.

The Signal Corps of the District Being Reorganized.

In case this country becomes involved in war with Spain, and the National Guard of the District takes the field, as now seems quite probable, the Signal Corps will be commanded by First Lieut. John M. Field, the officer who organized and commanded the original Signal Corps D. C. N. G., who yesterday accepted the command tendered him by Gen. Harris. It is Lieut. Field's plan to recruit in this organization, to enlist as many telegraph operators and linemen as can be secured, the services of these specialties being peculiarly valuable in an organization of this character, retaining also as many of the members of the present organization, recently Company D, Engineer Corps, as wish to volunteer. The command will be equipped and mounted as light cavalry, and will afford unusual advantages to ambitious young soldiers.

### Cannock Tent.

## TREATMENT THAT CURES

A Treatment That Is Modern, Scientific, and What Is of Much More Importance, a Treatment That Cures—\$5 a Month—A Free Trial.

Dr. Cowden's treatment that has lifted the darkness and blight of the word "incurable" from hundreds of thousands of these cases of diseases in the Throat, Bronchial Tubes and Lungs, wears its curative action for the most part on the mucous membrane of the throat.

(1) It reaches every sore spot, from the cradle of the nose to the deepest part of the lungs, to the innermost recesses of the middle ear.

(2) Instead of irritating, burning and feeding the fires of the disease, it soothes, quiets, heals and cures.

What is the treatment that cures these conditions, once regarded incurable? By what process does it restore the diseased membrane, remove the poison and relieve the symptoms of disease? Let the experience of persons cured and being cured tell.

### HOW IT CURES COMMON CATARRH.

Here is a patient taking treatment for Catarrh in the Head. He breathes the soothing medication through his nostrils, and the nasal channels open up; the stuffy feeling in the head leaves, and he can breathe naturally through the nose again.

The dull pains across the front of the head fade away, and the nasal membrane is soothed and inflammation and soreness are all gone. The bad odor of the breath ceases, and the best sense of smell returns. The dripping in the throat is checked, the nose does not stop up toward night any more, the sneezing and sneezing have ceased, the discharge from the nose grows less and less and finally stops altogether. The disease has been checked and eradicated from the system before it ever reached the throat. It has not been driven down into the throat or into his lungs or into his ears, as is so often done by other treatments.

### HOW IT CURES CATARRH OF THE THROAT.

Here is another patient who had Catarrh in the throat. He caught cold after cold, and the disease spread down into his throat. He breathes and drinks in the diseased membrane. He battles the membranes of his head and throat. The sense of the throat becomes sore and inflamed, and the desire to hawk and spit is disappearing. The sense of taste is returning, and the voice again becomes soft and melodious. There is no more gagging and vomiting in the morning. No longer does every exposure to the weather result in a stuffed-up throat that becomes sore and inflamed, and no longer does he find his throat and tongue dry as chips when he wakes from an unrefreshing sleep.

### HOW IT CURES CATARRH OF THE DEAFNESS.

Here is another patient who for years had been a sufferer. Every fresh cold seemed to lay longer than former colds, and he noticed that his ears got stopped up and his hearing became duller and duller and they were ringing and buzzing noises in his ears. The catarrh had passed upward and backward from the throat into the ear. He had visited throat doctors and ear doctors and catarrh doctors without relief. In this condition we find him taking the never-failing medication, and soon he notices a change. The noises in the ear stop, there is no ringing or buzzing, the hearing gets better, and finally the tubes of the ears open up and something seems to give way in the head. His hearing had completely returned. No wonder he considers the result a marvel.

### \$5.00 A MONTH.

This rate applies to all patients and all diseases, includes all medicines, visits to office, examination and treatment. This rate entitles every patient to Doctor Cowden's personal attention, and in all cases of Deafness to Doctor Cowden's almost miraculous treatment for the deaf. It secures for each applicant the most modern, scientific and curative treatment known to medicine in cases of a catarrh of the throat, inflammation of the throat and Sinus diseases given the same careful attention. In fact, everything is done that is possible for these physicians to do in every case during treatment. The moderate fee of \$5 does not detract in any manner from the value of the attention given.

### TRIAL TREATMENT FREE.

That all may have an adequate and correct idea of the McCoy treatment, the wonderful results of which are attracting the attention of the whole country, Doctor Cowden has generously arranged for a limited time to give all applicants on their first visit a Trial Treatment Free. This is purely for educational purposes. In a few years this treatment will be in general adoption by the profession, and it is the desire of its discoverer that it be seen and noted by as many people as possible in the office of the National Practice which Doctor McCoy has instituted in Washington. Don't wait for some friend to get cured, but call and have a free trial on your own case.

### THINK IT A SUICIDE.

Seventeenth Street Sewer to Be Drained Today.

The crew of the police steamer will drag the basin at the foot of Seventeenth Street this morning for the body of a young white man who is believed to have committed suicide there about 5 o'clock yesterday evening.

At that hour the supposed suicide, on his way to the basin, which is nine or ten feet deep, passed Charles Coleman and George F. Herd, boys, who live at No. 330 Baptist Alley northwest. He turned to the boys and asked if they wanted a shirt. Being answered in the negative, the unknown young man was seen to undress. He then suddenly disappeared and the boys believe he sprang overboard into the basin.

The clothing was found piled on the river bank and taken to the Twelfth Street Police Station by Samuel Porter, of No. 140 F Street northwest, where it was examined by Detective Kilmartin. The articles found were a blue bicycle cap with leather front, black and white striped negligee shirt, black satin necktie, a well-worn black cutaway coat, black checked pants and fancy black vest, with white polka dots, a pair of black shoes, and one of the coat pockets indicates that the young man sold newspapers to newsboys. On one of his pockets is an account for New York or New Jersey, a newspaper named Pryor, dated April 15; also a receipt for \$30 from Eddie Ruske; the names of several race horses and that of Nick Johnson, a race horse owner.

### DR. TALMAGE ROBBED.

Several Pieces of Valuable Jewelry Taken From His Residence.

Headquarters detectives were called upon yesterday to investigate a robbery recently committed at No. 140 Massachusetts Avenue, the home of Dr. T. De Witt Talmage, the well-known evangelist. Dr. and Mrs. Talmage are out of the city, but the house is in charge of their two daughters. This morning they discovered that some thief had entered one of the bed chambers and stolen a lady's open-face watch, studded with pearls, valued at \$25, a pearl bracelet, valued at \$10, and a ruby-set necktie, valued at \$30. The articles were taken from a jewelry box. An investigation failed to show that the house had been broken into, and Miss Daisy Talmage explained that she had not seen the jewelry for several days.

I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the Worcester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhoea. I have never had to use more than one or two doses to cure the worst case with myself or children. I have a St. Andrew's, Pocomoke City, Md. For sale by Henry Evans, wholesale and retail druggist, 328 F Street northwest, and Conger & Aylmer, 808 F Street northwest, and 1245 Maryland Avenue northeast.
